TECHNICAL SKILLS

- React.js
- Chakra UI
- Responsive Web Design
- Node.js
- Core PHP
- REST APIs
- MongoDB
- SQL
- Git & GitHub

• PROFILE SUMMARY

Full stack developer with 1 year and 2 months of professional remote experience building responsive, production-grade web applications using React.js and Node.js. Skilled in Chakra UI, MongoDB, SQL, and core PHP, with hands-on experience delivering multiple client-facing websites and portals end-to-end. BSCS graduate seeking a full stack role in a JavaScript-centric environment.

• EDUCATION

- **Intermediate (FSc / Pre-Medical)**

Punjab Group of Colleges (PGC)

- **BS Computer Science (BSCS)**

Barani Institute of Sciences, PMAS Arid Agriculture University

• WORK EXPERIENCE

- **Frontend Developer (React.js) | DeviceBee Technologies**

Remote — Dubai-based company · 1 year and 2 months

- Developed and maintained multiple client-facing websites and web portals using React.js and Chakra UI.
- Delivered end-to-end frontend builds for diverse projects, including a legal services platform and its business portal for lawyers, a Nirvana website and portal, and a food-ordering web application for Omniyat.
- Translated design requirements into responsive, reusable React components, ensuring consistent UI/UX across projects.
- Integrated frontend applications with backend APIs and databases (MongoDB/SQL) to support dynamic content.
- Managed version control and collaborative development workflows using Git and GitHub across all project repositories.

• KEY PROJECTS

- **Legal Platform & Business Portal**

- Web platform connecting users, businesses, and law firms to post legal issues and hire lawyers, with secure direct chat, a business portal for managing legal matters, and cross-platform access (web, iOS, Android).

- **Nirvana Website & Portal**

- React-based booking platform for a luxury yacht and boat rental company in Abu Dhabi, featuring tiered memberships, real-time boat bookings, PayPal/card payments, and bilingual (English/Arabic) support.

- **Omniyat Food Ordering App**

- Cross-platform digital menu and ordering solution (Vue 3 + Capacitor) for Omniyat's sales gallery, letting guests scan a QR code to browse menus, place orders, call a teaboy, and track order history.

- **Nahham Web**

- Bilingual (Arabic/English) talent marketplace platform connecting companies with creative talents across the UAE, with OTP-based authentication, Stripe payment integration, and end-to-end project/offer management.
